5. REPORTS

**5.1 221 Minato Road (ERIF) - OCP Amendment / Rezoning / Environmental DP
*Bruce Greig, Director of Community Planning***

Mr. Greig presented this report. He noted that the bylaws, housing agreement and covenant provided in the agenda package were not reviewed by the District's solicitors, and recommended that Council receive advice from the District's solicitors prior to committing to these documents. He outlined the bylaws and covenant recommended by staff and noted the alternative version of the bylaws and covenant proposed by the applicant (ERIF), published in the agenda package.

ERIF was given an opportunity to speak and in response to Council's questions, explained the need to move the project forward expeditiously. ERIF further addressed Council's questions pertaining to the alternative versions of the bylaws and covenant proposed by ERIF, and provided a synopsis of these documents.

In response to Council's questions, ERIF clarified the need for their employees to have access to the affordable housing units. ERIF employees would be subject to all qualifying requirements for these units. ERIF intends to hire locally for construction and manufacturing required for this development.

In response to Council's questions, staff clarified the reasons for delaying the phased development agreement is due to the urgency expressed to move to a Public Hearing. ERIF clarified that the covenant agreement commits it to constructing 60 units on Lots 1 and 2, prior to commencing construction on Lot 5. ERIF further clarified that it would be willing to build 100% of Lots 1 and 2 prior to commencing construction on Lot 5.

In response to Council's questions, ERIF clarified the homes to be built on Lot 5 would be built as residential with the ability for half of the homes to be rented as whole-home short-term vacation rentals. ERIF stated their willingness to change the whole-house rental to primary residential with secondary vacation rental suites for the 11 units on Lot 3.

Council agreed to move forward with Option C of the report and proceed with the alternative version of the bylaws and covenant proposed by ERIF.
